## Syrah Reserve Whale Rock 2014

This Syrah comes from our CCOF Certified Organic Whale Rock Vineyard on the west side of Paso Robles. The cooler west side conditions create a deep ruby color and dark berries, which develop into a full mouth feel with broad shoulders. Bay leaf, black cherry, a touch of earthiness, and peppercorn aromas are paired with a mocha finish. Balanced acidity with ample tannins is the perfect combination for longevity. Drink now and save one for later. Truly a Syrah lover's wine!
